## What type of training is this?

This 10-session practical, hands-on course will enable forest landowners to prepare their own forest stewardship plan with guidance and “coaching” from natural resource professionals.

## Who should attend?

Open to all, this program is designed to help forest landowners develop customized management solutions to meet their own unique ownership objectives. Whether you own 5, 50, or 500 acres of forest, if you want to expand your knowledge, tools, and confidence for managing your forestland, this course is for you.

## Why should I attend?

- Learn about keeping your forest healthy and productive for generations to come.
- Learn how to identify and implement practical steps to meet your individual ownership objectives.
- Write a plan that may qualify your forestland for property tax reduction.
